1996.)	

DISPOSITION: AGREEMENT APPROVED

On December 14, 1999, Sprint Spectrum LP and United Telephone Company of the Northwest filed an Interconnection Agreement with the Commission. The parties seek approval of the agreement under Section 252(e)(2) of the Telecommunications Act of 1996.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

The Commission provided notice of the request for approval and an opportunity to comment to a list of persons who have participated in arbitrations under the Act. Comments were filed by the PUC Staff.

Staff concluded that the agreement does not appear to discriminate against telecommunications carriers who are not parties to the agreement and does not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission has reviewed the agreement and the comments. We conclude that there is no basis under the Act to reject the agreement. No participant in the proceeding has requested that the agreement be rejected or has presented any reason for rejection. We conclude that the agreement should be approved.

CONCLUSIONS

1. There is no basis for finding that the agreement discriminates against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the agreement is not consistent with the public interest, convenience, and necessity.
3. The agreement should be approved.

ORDER

IT IS ORDERED that the agreement between Sprint Spectrum LP and United Telephone Company of the Northwest is approved.
