ARB 14	12 (1+2)	
In the Matter of the First and Second Amendments to the Interconnection Agreement Between XO OREGON, INC. and QWEST CORPORATION, Submitted for Commission Approval Pursuant to Section 252(e) of the Telecommunications Act of 1996.))))	ORDER

DISPOSITION: AMENDMENTS APPROVED

On June 13, 2001, XO Oregon, Inc. and Qwest Corporation filed a first amendment to the interconnection agreement previously approved by the Public Utility Commission of Oregon (Commission) with Order No. 99-453, issued July 27, 1999, recognizing the adoption of the terms of ARB 3. On July 24, 2001, XO Oregon, Inc. and Qwest Corporation filed a second amendment. The parties seek approval of the current amendments under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice of the request for approval and an opportunity to comment. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

Staff noted that an interconnection agreement or amendments thereto have no effect or force until approved by a state Commission. *See* 47 U.S.C. Sections 251 (a) and (e). Accordingly, Staff pointed out that the effective date for these filings will be the date the Commission signs an order approving them, and that any provisions stating that the parties' agreements are effective prior to that date is not enforceable.

Staff recommended approval of the amendments. Staff concluded that the amendments to the previously approved agreement do not appear to discriminate against telecommunications carriers who are not parties to the agreement and do not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the amendments to the previously approved agreement. No participant in the proceeding has requested that the amendments be rejected or has presented any reason for rejection. Accordingly, the amendments should be approved.

CONCLUSIONS

- 1. There is no basis for finding that the amendments to the previously approved agreement discriminates against any telecommunications carrier not a party to the agreement.
- 2. There is no basis for finding that implementation of the amended agreement is not consistent with the public interest, convenience, and necessity.
- 3. The amendments should be approved.
