**DISPOSITION: CANCELLATION ORDER RESCINDED**

On August 7, 2002, the Commission granted a certificate of authority to Global Internetworking Inc. to provide telecommunications service in Oregon as a competitive provider. *See* Order No. 02-540. The company later changed its name to Global Telecom and Technology Americas Inc. (“GTTA”).

Oregon telecommunications providers are required to provide requested information to the Commission. After investigation, the Commission found that GTTA failed to comply with Oregon Universal Service Fund requirements per ORS 759.425. At the April 15, 2003, public meeting, the Commission determined that GTTA’s certificate of authority should be canceled. GTTA’s certificate of authority was canceled in Order No. 03-249. On May 12, 2003, GTTA filed a request to suspend Order No. 03-249, claiming that it had complied with the Commission’s rules and regulations. A review of the Commission’s records indicates that GTTA filed the requested information on June 9, 2003. GTTA’s certificate of authority was reinstated in Order No. 03-380.

Again, after investigation, the Commission found that GTTA failed to file the 2<sup>nd</sup> Quarter 2007 OUS2 form to comply with Oregon Universal Service Fund requirements per ORS 759.425. At the December 4, 2007, public meeting, the Commission determined that GTTA’s certificate of authority should be canceled. GTTA’s certificate of authority was canceled in Order No. 07-539. On February 5, 2008, GTTA filed a request to suspend Order No. 07-539, claiming that it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that GTTA filed the requested information.

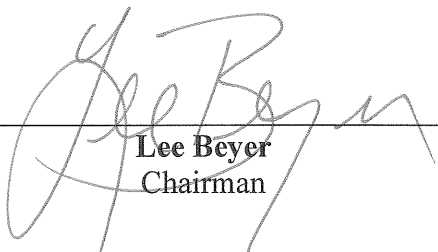

The information sent by GTTA to the Commission was late. However, the information has been received and it indicates GTTA is providing telecommunications service in Oregon. Under the circumstances, the cancellation of GTTA's certificate should be rescinded.

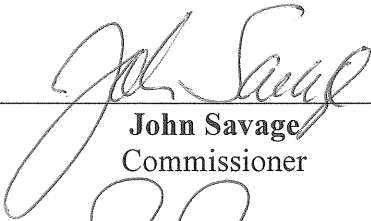

The Commission notes that this is the second time that GTTA has sought reinstatement following the cancellation of its authority. Under these circumstances, the Commission emphasizes the need for GTTA to fully comply with the Commission's rules and regulations in the future. If GTTA again fails to fulfill its regulatory obligations, the Commission may conclude that it is not in the public interest to process a future application for recertification as a competitive provider.
